GEL-CREAM Dr. MEHRAN®

LIPOSOMES gel-cream with
COLLAGEN and ELASTIN

For dehydrated, dull and lifeless skin.

Dr. MEHRAN® gel-cream is a preparation of incomparable fineness based on Collagen, Elastin and liposomes charged with water. This extraordinary and efficient gel-cream is rapidly absorbed by the skin providing it with moisturizing and revitalizing elements. The Borage oil used in this formula has soothing properties.

For all skin types, including acne prone and damaged skin conditions.

Dr. MEHRAN® gel-cream is a moisturizer and an antioxidant of extraordinary efficiency. It helps the skin maintain its softness and glow and delay the appearance of fine lines and premature aging signs.

Use in the morning and in the evening or as often as necessary.
