Dr. MEHRAN, Skin Care Products Inc. Is proud to present :

DERMILIS®

AN OTHER EXCLUSIVE NOVELTY IN THE SKIN CARE FIELD

DERMILIS® has been formulated especially for mature and photo aged skin in need of regeneration. This transparent light turquoise gel is based on marine algae extracts combined to restoring and moisturizing ingredients.

DERMILIS® is a powerful anti-wrinkle agent for the skin of the face and neck. Daily use diminishes rapidly the depth and the number of wrinkles leaving the skin younger looking, firm, soft and smooth.

Why use **DERMILIS®** regularly :

- Because this gel is of remarkable efficiency.
- Non toxic, its topical use is very well tolerated.
- It increases cellular regeneration and helps delay the appearance of aging signs on the skin.
- It inhibits the action of enzymes that attack the skin Collagen & Elastin fibre network.
- It enhances skin firmness and elasticity, fights flabby skin condition, delays the appearance of wrinkles.

How to use **DERMILIS®** :

- Morning and evening : Cleanse skin with appropriate cleanser and toner. Massage a small quantity of **DERMILIS®** delicately until completely absorbed. Insist on areas where most needed such as the neck, around the lips, eye contour and forehead, then, if desired, complete with day or night time moisturizer and make-up.
- In the salon : As a final touch after a facial, apply **ESSENTIAL SUPPORT®** serum to face and neck. Use your high frequency and pass the ultra violet electrode until the serum is completely absorbed. Apply then **DERMILIS®** to strategic parts of face and neck.
- Presentation : 50g glass jar.
